MILITIA SUPPLEMENTARY ESTIMATES

The Government Drop Amendments to Aid Early Closing of Session

(Bulletin Special Dispatch).
Ottawa, Oct. 9.—The House did not sit last night on account of a banquet given Hon. Mr. Borden, the Conservative leader.

A million and a half of dollars, militia supplementary estimates, passed. This was chiefly to purchase rifles and cannon for the organization of the force outlined by the minister of militia.

The surplus of total revenue over current expenditure for the last fiscal year is fourteen million dollars. The net decrease of the debt is nine million dollars. The revenue is sixty-six million dollars. The ordinary expenditure is fifty-two million dollars.

To facilitate the early close of the session, the government dropped the amendments to the Audit, Penitentiaries and Lands Acts.

The supplementary estimates for public works and agriculture have been completed.

WEATHER

The weather has continued fair throughout the Territories and Manitoba and the temperature yesterday was almost everywhere between 50 and 60. The only frost reported this morning was a light one at Calgary. A few scattered showers are not improbable, but the weather is likely to be mostly fair and mild.

FREIGHT REDUCTIONS.
Freight rates on grain on the Calgary and Edmonton branch of the Canadian Pacific Railway have been reduced a rate. A reduction of two cents a hundred weight on wheat and flour and one cent per hundred weight on coarse grains, has taken place and goes into effect immediately.

FIRST SENT FROM CANADA
Nelson, B.C., Oct. 8.—The first shipment of refined silver ever sent from Canada was sent out yesterday from the refinery at Trail. This is the first time in the history of the Dominion that silver has been extracted from ore and refined in the country, and the success of the new method adopted by Manager Aldridge, of the smelter, will mean a revolution in the existing plants. The silver was shipped to San Francisco.

LOCAL.

—Train left Red Deer on time.

—The Fifth Eaton concert company show in Strathcona this evening.

—Voices to Which Listen? will be the subject of Pastor McDonald's address on Sunday evening at Robertson hall.

—The Territorial government are sending out their annual reports and are stamping them from office of Queen's printer, N. W. T. Rubber stamps must be expensive in Regina.

—The construction work on the addition to the Methodist church will not interfere with the regular Methodist church services tomorrow morning and evening.

—The weather continues cloudy and fair in spells. The old timers say that if all the bad weather in the last twenty years were crowded into one, it could scarcely be worse than the present season.

—Mr. Norman May left today to take charge of H. W. B. Douglas' branch store in Strathcona, which will open within a few days. Norman has the very best wishes of his numerous Edmonton friends. The hockey boys especially regret his departure.

—At the police barracks, Edmonton, on Thursday, R. R. McCallan was brought up for trial before Major Belcher. There were sixteen different charges laid against him, viz: twelve forgeries, robbing with violence, assaulting a policeman on duty and two burglaries. He pleaded not guilty on all charges. He was sent up for trial at Wetaskiwin.

—The Northwestern Railway line is running return excursions from Edmonton and other points on the Calgary and Edmonton line to Sioux City, Omaha, Kansas city, Des Moines and Cedar Rapids. The return rates from Edmonton to Sioux City are \$52.80, Omaha \$55.25, Kansas City \$58.35, Des Moines \$53, and Cedar Rapids \$52.20. The tickets are good for three months and may be purchased any day in December.

—Plainsdealer. —The members of Loyal Orange Lodge No. 1554 at Strathcona will formally open their new hall on Sunday, November 1st, by a dedicatory service as laid down in the Orange ritual. The service will commence at 2.30 p.m. The Grand Master, the Grand Chaplain, and other Grand Lodge officers are to be present. The local ministers and citizens are cordially invited to be present.

—Advocate.—Red Deer is to have a new skating rink this winter, as fine a one as can be found anywhere. The dimensions are 175 feet long by 60 feet broad. To the north of the skating rink will be a leanto, under which a sheet of ice 175 feet long by 30 feet broad will be divided into two curling rinks. The site is the one occupied by the old rink. The tender for the erection of the necessary buildings, etc., has been let to Mr. Graham. The rink will be ready by December 1st.

—Dr. William Saunders, L.L.D., director of Dominion Experimental farms, who recently visited Edmonton, in an Ottawa interview says, "Another town that has had a wonderful growth is Edmonton. In the last five years the population has more than tripled its population and its substantial buildings. Upon looking up the land records I found that all homesteads within a radius of sixty miles of Edmonton had been taken up. Cattle in this district are in excellent condition, but very few of them are being marketed. The ranchers are holding off for better prices."

—The Ontario government has decided to hold the bye-elections in Sault Ste Marie and Muskoka on Tuesday, October 13th. The vacancy in Sault Ste Marie was caused by the unseating of A. MacCampbell, who defeated his Liberal opponent, C. A. Smith, by 199 votes. Both these gentlemen are again candidates. The death of Dr. Samuel Bridgeland created the vacancy in Muskoka. Dr. Bridgeland's majority at the last general elections over A. A. Mahaffey was 80. Mahaffey is again the Conservative candidate, while Dr. J. W. Hart, of Huntsville, is the Liberal standard bearer.

—Jon Martin, Liberal, lately defeated in Vancouver, B.C., has announced that he will give up politics. He says, "I have quit—retired for all time. I am disgusted with politics. Now, don't misunderstand me. I am not disgusted with the result of the election on Saturday, but there has been so much abuse from my enemies and so little thanks from my friends that I am glad to avail myself of the opportunity afforded by Saturday's election to announce my retirement. I was within an ace of retiring before the election campaign commenced. I have fully determined not to reënter politics. There is nothing in it for me but trouble. I never made a nickel out of politics and I have lost financially by being in politics."

LOCAL.

—Steps are being taken to organize a whist club in Edmonton.

—Rev. A. M. McDonald, Edmonton, will occupy the pulpit of the Strathcona Baptist church tomorrow morning.

—Many storekeepers and owners of other business places are complaining that the electric lights are not turned on early enough in the evenings.

—A concert will be held in aid of the English church at Poplar Lake schoolhouse on Friday, November 6th. Further details will be announced later.

—Dr. Coulter physician and surgeon, of Lindsay, Ont., and Dr. Hale, dentist, of Peterboro, have secured rooms for offices over the Boston clothing store, and will be open for engagement about November 1st.

—At the police court yesterday before Police Magistrate Cowan, one case came up, the charge being drunkenness and disorderly character. He was fined three dollars and costs or fifteen days' imprisonment. He failed to pay his fine.

—Henry Woods, of Beaver Lake district took out a twenty horse-power traction engine, with a 36-inch separator, complete with self-feeder blower, and Dakota style weighing bagger. The local agent is A. E. May.

—Contrary to usual conditions there has been no high water on the Saskatchewan at Edmonton this year. However, there has been a good average depth of water for navigation purposes. The river is lower at present than at any time this year.

—Dr. Cowan, of Regina, an aspirant for Conservative political honors, in an interview in the Winnipeg Telegram says that the Conservatives expect to carry four or possibly five of the ten constituencies in the Territories at the next Dominion elections.

—The following item appears in the Strathcona Maildealer: "Miss Grace Martin, of Strathcona, has been appointed first assistant teacher in the Lelece schools. Her place in the Oliver school district, five miles south of Strathcona, has been taken by Miss Grace Ritchie."

—B. S. Parker, of Little Grand Prairie, has arrived in Edmonton and will spend the winter here. He speaks enthusiastically of the Grand Prairie country, but says that owing to the great amount of wet weather this summer, insufficient quantities of hay have been put up as yet.

—Hewitt Bros. of New Lonsdon, are taking out a complete threshing outfit, consisting of a fifteen horse-power simple traction engine, 32x54 separator with self-feeder and blower attachment, purchased from A. E. May, local agent for the J. I. Case Threshing Machine Company.

—W. G. Alton, government bridge foreman, was in town yesterday from Fort Saskatchewan. He has been kept very busy all summer and has much more work ahead this season. His instructions are to put in a bridge at Soliman Bros. farm on the Beaver Lake plains.

PERSONAL.

Mr. and Mrs. J. A. Lewis, Red Deer, have come to Edmonton to reside.

Rev. D. G. McQueen, returned to Edmonton last night from the coast, where he had gone on home mission work.

Messrs. Truman Mackey and C. Wilson, of Parkhill, Ontario, arrived in town last night to look over the Edmonton district.

Mrs. Jas. McDiarmid returned to Edmonton last night from a four months' trip to Scotland. They have had a very cold, wet summer in Scotland and the oat harvest had not commenced when Mrs. McDiarmid left the old land.

Mr. E. Caisley, formerly of Edmonton, but who has spent the past year in Prince Edward Island, returned to Edmonton last night to take a position with the Bellamy Company. He is accompanied by Mr. W. Get, who seeks a situation in Edmonton.

POLICE COURT.

A case that is causing considerable attention is on at the police court today before Police Magistrate Cowan.

For several weeks past Chief of Police Dean has been engaged in ferreting out numerous thefts of furs from different places in Edmonton. Revillon, furs warehouse, was recently broken into and furs taken. Shortly afterwards, on Oct. 7th, a man giving his name as Henderson, entered Hourston's office to sell Mr. Hourston a small batch of furs, including 1 lynx, 1 white fox, 1 mink, 1 black rat. The evidence, given brought out the fact that Henderson claimed to have bought the furs for \$15 and offered them to Mr. Hourston for \$18 saying he wished to make some profit on the transaction. Mr. Hourston refused to give more than \$17 and after some delay Henderson accepted Mr. Hourston's figures and received a cheque for \$17 in payment. Chief of Police Dean received word of this transaction and tracing him to Strathcona found him (Henderson) in the act of selling a batch of furs including one wolverine, 1 white fox, four lynx and two martin at Davies', store. Chief of Police Dean arrested the man who now gave his name as Le Page.

He was brought up before Police Magistrate Cowan this morning and the case is still in progress. Wilfrid Garriety, of Taylor, Boyle & Garriety is conducting the defence and W. Griesbach is prosecuting.

IN THE SUPREME COURT OF THE NORTH WEST TERRITORIES NORTHERN ALBERTA JUDICIAL DISTRICT.

In the estate of Henry E. Spear, deceased.

Notice is hereby given pursuant to the order of the Honorable Mr. Justice Scott, made herein on the 20th day of September, 1903, that all creditors and others having claims against the estate of the said Henry E. Spear, who died on or about the 3rd day of June, 1903, are required on or before the 30th day of November, 1903, to send to Messrs. Short, Cross, Biggar & Ewing, of the town of Edmonton, in the district of Alberta, advocates for the executor of the said deceased, their claims and descriptions, the full particulars of their claims, the statement of their accounts, and the nature of their securities, if any, held by them, duly verified by statutory declaration.

And further take notice that after the said last mentioned date, the said executor will proceed to distribute the assets of the said deceased among the parties entitled thereto, having regard only to the claims of which he shall then have notice, and that said executor will not be liable for the assets or any part thereof to any person or persons of whose claim notice shall not then have been received by him or his advocates aforesaid at the time of such distribution.

Dated the 28th day of September, 1903.

SHORT, CROSS, BIGGAR & EWING,
Jasper Avenue, Edmonton, Alberta, advocates for the said administrator.

The Coming Metropolis.

Mr. K. L. Riley, manager of the Canadian Insurance Company, this speaks of Edmonton in the Winnipeg Free Press:

"Edmonton reminds me of what Winnipeg was like twenty-one years or so ago, during the boom. Not that there is that craziness in speculation and that rush to get lands and that sky-rocketing of prices, but the expectations for great things in the future are almost as high, and everywhere is confident that Edmonton will be the banner town of the west outside of Winnipeg. They expect three railroads there, and the fact that the C. N. R. has already the station site mapped out and all in readiness to go ahead with the work has told them there is more than mere talk in connection with all that is promised for the town."

Buy city property now and share in the big increase of values which is bound to come in the near future. The Great West Land Company can suit you in any kind of city property if any person can. See them today.

FROM OTTAWA
Bulletin Correspondence.
The Intercolonial estimates were up
or consideration yesterday and were
fully completed and the supplement
for the current year were then
taken up and some progress made.
During the greater part of the day's
proceedings the number of opposition
members in their places varied from 7
to 14. The proceedings of parliament
have degenerated into a farce when
the business of the country can be de-
layed by the opposition of such a
fraction of a party. The fact that
no few of the opposition are remaining
to take part in the discussion is evi-
dence that the greater number have
either got out of patience or have be-
come unable to attend longer to the
business of the country at the expense of
their own. When it comes to a question
of construction, all the advantage is
with the opposition. The govern-
ment must keep a quorum in all cases,
whatever number is necessary
to carry a bill; while the opposition
has to do is to keep the presence of one or two
members. No one objects to government
proceedings, but in the time of the House

incident throws a somewhat
light on the nature of the cam-
paign made against the trans-
continental railway, especially by the
Star. On this question
is resuming the tactics which
used so unsuccessfully during
the campaign of 1900, and is institut-
ing a campaign of misrepresentation.
Some time ago the Star
to be printed a large number
which were sent broadcast
of the country, and which
have been genuine trans-para-
mentation. Not only have
been, but have been many
authority of the trans-para-

ing, and as the affidavits presented by
Mr. Marcell, prove; but the reading of
the petitions themselves proves the
attempt to mislead not only the sign-
ers of the petition, but the country,
as to what the petitioners have signed.
Two petitions were prepared, one for
circulation in Eastern Canada, the
other for circulation in Western Can-
ada, differing most materially not
only in their matter, but in their con-
clusion. Neither of them are peti-
tions against the construction of the
proposed transcontinental railway, al-
though both have been presented to
parliament and endorsed as being such,
and this is the announcement in re-
gard to them which the opposition
papers have persistently made.
The eastern petition asks for delay
in the commencement of operations on
the railway on the ground that there
is not sufficient before parliament to
warrant the undertaking of the work.
The petition contains ten sections am-
plifying this point, and concludes as
follows:
"Your petitioners therefore humbly
pray that the said bill now before pa-
liament may not now become law; but
that its further consideration by the
government and by parliament shall
be deferred until such full and accu-
rate information shall have been ob-
tained and laid before parliament."
The western petition does not hint
at delay, but lays stress on the neces-
sity of securing low rates over the
proposed railway and objects to the
construction of the eastern section in
that its operation would be a burden
upon the whole scheme, and, therefore,
prevent the lowest possible rates.
Clause 11 especially asks that the
Grand Trunk Pacific from Winnipeg
to Edmonton should be constructed as
an additional line opening up new ter-
ritory, and that purchase of the Cana-
dian Northern should not be allowed.
Clause 12 asks that the Grand Trunk
Pacific agreement should provide for
an outlet to Lake Superior. The con-
clusion of the petition is as follows:
"Your petitioners, therefore humbly
pray that the transportation bill now
before parliament be not passed in its
present form, but that it be altered
to provide for the above-mentioned
conditions, and that the commission
on transportation should consider the
whole question of the proposed east-
ern section and report, and that com-
plete surveys and estimates should be
made."
While the terms of the eastern peti-
tion are for delay to the whole
scheme, the terms of the western peti-
tion are for all haste in regard to
the western section, but delay only in
regard to the eastern section. As
already pointed out, in neither case do
the petitioners declare against the
scheme, although they have been re-
presented throughout the country as
having done so. This is a fair sample
of the double-headed politics which
appears to be the stock in trade of the
opposition as it now exists, and is
quite in line with the attitude and
action of the party in parliament,
while verbally opposing the contract
and doing everything that could be
done to balk and delay it, did not dare
to vote against it.
Apparently the Star is somewhat
disappointed in the effect, or lack of
effect which its sharp practice in con-
nection with these petitions has
brought about. It is not satisfied
with the notice which has been ac-
cording by other newspapers through
their representatives in the press gal-
lery, and recently sent out a circular
to the newspapers represented in the
gallery, complaining that their rep-
resentatives had not taken due notice of
the petitions in question. The Star has
a large circulation, and, therefore, a
great deal of influence, which it sees
fit to misuse on many occasions; but
it was asking rather too much when it
expected its fake petitions to be
treated seriously by representatives
of honorable newspapers.

WHY CANADIAN MANUFACTURERS FAVOR PREFERENCE

Under the above heading the Sheffield, England, Daily Independent, in a late issue says:

"The majority of the delegates to the Montreal Conference of Chambers of Commerce will come home and say that England really must do something on the lines of Mr. Chamberlain's preferential suggestions in order that Canadian opinion may be satisfied. Now the fact is these observers have been all the while in contact with the manufacturers of Ontario, who are desperately anxious that England should help them to play, and should pay for playing, a deep commercial game with the farmers of the west. Here is the game. Hitherto Eastern Canada—Ontario and Quebec—has dominated the Dominion, and has imposed on all manufacturers coming into the country, whether from England or elsewhere, a tariff so high that the Canadian manufacturer has been able to compete with the outsider; but with the result that the western farmer, who is the mainstay and hope and real wealth-producer of the nation, has had to pay for everything he buys, of a manufactured kind, at least forty per cent. more than he has the slightest need to pay. The manufacturers of Eastern Canada, in fact, are bolstered up at the expense of the helpless minority of voting farmers of the west. But now all this is changing. The west is filling. The west is becoming the predominant partner. The constitution of the Dominion provides that, automatically, at intervals, the representation of the different parts of the country shall be readjusted according to population. The west is about to have the population that will swamp the east politically. Will the west go on paying half as much again as it need pay for its agricultural implements, its clothes, its household requisites, because the east cannot make these things at a lower price, and will not let other makers in? The west will do nothing of the kind. It will insist on buying to advantage. The manufacturers of Ontario see this day coming clearly, and before it comes they are trying to make a bargain, a la Chamberlain, that will pacify the west, leave themselves with their existing advantages, and cause England to pay the cost. They wish to ensure, at no cost to themselves, that Canadian wheat shall have a preference in the English market and fetch a higher price. In return they are willing that English manufacturers shall have a preference over all foreign manufacturers, but without having a farthing's reduction from the tariff now imposed against English goods in favor of Canadian manufacturers. In other words, they hope to pacify the west by an increase in the price of its wheat, while at the same time they keep out all manufacturers from England or elsewhere, except such as they do not feel inclined or able to undertake, and these they give over to England by preference. England thus gets dearer wheat, pays for the pacifying of the west, and gets an off chance of such manufacturers as the Canadians do not themselves care to undertake. Meanwhile the artificiality bolstered up Canadian manufacturers go on raking in the shakels, without effective competition, and if the farmers of the west complain that the prices they are paying for manufactured goods are too high, they can be met by the argument, This cannot be altered, as it is part of the bargain by which you get a preference for your wheat. In short, the whole preference project, so far as Canada is concerned, is a Canadian manufacturer's dodge for keeping up the tariff which protects him against competition, and for making the English bread-eater pay such an increased price for Canadian wheat as will keep the imposed-on western farmer quiet under the heavy burden of artificially dear goods. The Canadian manufacturer is now riding on the back of the western farmer, but wants to get one foot on the back of the English consumer lest the western farmer should shake him off."

Every day we are opening something new and interesting in Fall and Winter Dry Goods and Clothing. Our stock is now almost complete in nearly every line. There are a few lines in which the merits of our goods entitle us to the lion's share of the trade. We would draw your attention to our stock of Cloth Skirts, and would like you to compare styles and values with those shown elsewhere. We make a specialty of skirt and blouse. In dress goods we are showing some of the latest things in fancy tweeds and all-wool cloths, that are to be seen anywhere, and our prices are said to be right. In trimmings, too, we can show you just what you need. For evening wear, we are showing some lovely conceptions in Organza, pleated and fancy, chiffons, silks, etc. We can please you in gloves, this is one of our strong points. Kid gloves in black, white, tans and grey, every pair guaranteed. A new and very attractive stock of the latest ideas in Lace and Silk Collars and Ties, and Silk Belts just opened.

We have been busy this week opening up heavy shipments of Furs, Underwear, etc. Next week we will open a large shipment of the newest things in Carpets, Rugs, Mats, Curtains, Coverings, etc.; also 67 cases Footwear.

It may not be generally known that we are in the Belting Business but we are very much in it. We don't touch the cheap kind, but we sell the best grade of Leather Belting produced (Extra Brand), Single and double, all sizes. Once used, always used.

We have just unpacked our winter stock of Horse Blankets and Robes, and our showing easily surpasses anything ever offered in the City before. Thirty different kinds of Blankets, from the plain Jutes to the elaborate Stay-on's, and if we cannot suit you we have the satisfaction of knowing that nobody else can. We invite you to examine our stock.

Just a word about Trunks and Valises. We pay particular attention to these goods, and can say as a matter of fact without boasting that our stock is not only the largest but the best assorted in the city. Don't take our word, but come and look around. We have a carload arriving in a few days which will make our stock equal to anything west of Toronto, and that is saying a good deal. Trunks from \$1.25 to \$40. Valises from 75c to \$15, and Suit Cases as high as \$35. See our special Ladies' Dress Trunks, nobody else has them. These are all bought direct from the factory and the prices are right.

Don't overlook us when you need a good set of Harness. We take pride in turning out good work.

Mrs. M. T. Montgomery

What Is the Matter With Canada?

"She's All Right."

The relative percentage of the growth of trade of Canada as compared with the United States for the last five years show that of Canada as over double.

What Is the Matter With Manitoba and the Territories.

"They're All Right."

Winnipeg is now the great wheat centre of America, the receipts greatly exceeding that of either Chicago or Duluth, Superior.

Westward the course of Empire makes its way. A few years ago the great wheat centre was Chicago, it soon shifted west to Duluth and now further west to Winnipeg. Winnipeg clearing house receipts rank 3rd in Canada.

Eastern Wholesalers, Manufacturers, Bankers, Capitalists and Railway Corporations scent the possibilities of this great country and are fast invading the west, realizing that west of Lake Superior is going to be the greater part of Canada.

What Is the Matter With Edmonton?

Edmonton is All Right and No Mistake About It.

A few years ago this place was scarcely known to outsiders, and then only as a remote Hudson Bay Company Trading post, now it is next to Winnipeg the best known and most largely and freely advertised town in Canada.

Influential bodies touring the West now always take in Edmonton, knowing that they will miss seeing the best part of the West if they don't. We could fill pages with extracts from their letters to papers in all parts of the world predicting a wonderful future for Edmonton.

The district, the location and the progress of events certainly justify such predictions.

Our town has doubled its population inside of two years, it will again do so within the next two years. Edmonton is going to be a large city. We believe it, and everybody says so.

Three years ago we had a large quantity of land for sale and in offering it for sale we said "Every person has had the opportunity offered, which if taken advantage of would have brought in rich returns. In many cases this fact is recognized too late, and looked back upon with regret." SUCH AN OPPORTUNITY we now offer you; do not let it pass. BUY LAND and MAKE MONEY.

We sold nearly a quarter of a million acres and those we sold to have been able to double and triple their money.

We now have Another Opportunity

To Offer. This time it is

TOWN LOTS,

Known as the Norwood Addition.

We have surveyed the Alex Rowland Property adjoining the town, north of Rat Creek, into Lots 33 by 120, with good wide streets, lanes and boulevards.

These Lots are now offering at from \$40 to \$150 each on easy terms.

This is a beautiful residential site, high, dry and clean and is going to be a very popular locality, being so convenient to the business centre and being outside the town limits free of Municipal taxes.

Many enquiries for them are already being made.

The Sale Will Begin on

OCTOBER, 19TH.

Take advantage of this opportunity and you won't have to look back upon it with regret as another lost chance.

The Price and Terms are Now Within the Reach of All.

Think of the money that has been made in Town Lots here in the past two years, is being made and going to be made.

Think of the money you might have made by buying early if you did not.
